D License Course

The "D" course is for coaching players 14-18 years of age and emphasizes observing mistakes and providing information to correct the mistakes. A majority of the course schedule is devoted to practice coaching and practical examinations. Candidates will be examined by the analysis of videotape footage for their knowledge and understanding of tactics and methodology. There are also take-home examinations on soccer injury prevention and the FIFA Laws of the Game.

Based on how well they do in the "D" License course, candidates are awarded either a National "D" License, which allows them to attend a National "C" License course after a year, or a State "D" License. If a State "D" License is earned, the "D" course can be retaken by coaches interested in obtaining a National "C".

Must have "E" License before you can register for the D Course.
